

# Shimmer Click

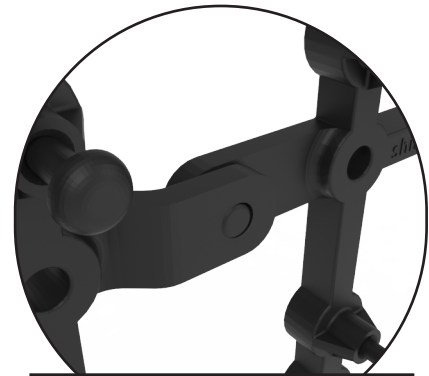

## technical information

The Shimmer Click system is perfect for companies who need an easily removable and transportable sequin wall backdrop for more short-term events decoration or store windows.

Shimmer Click panels are 33.3 x 33.3cm. Each panel is populated with 121 sequins of any colour chosen from our range of over 400 options.

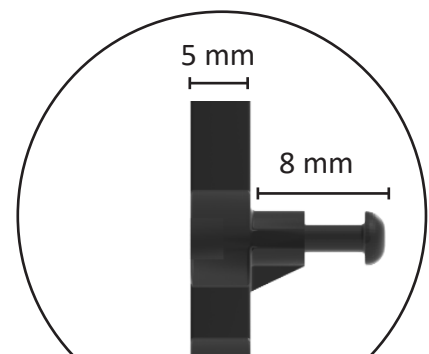

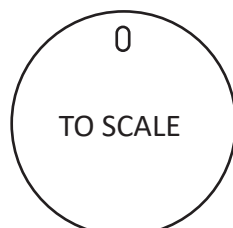

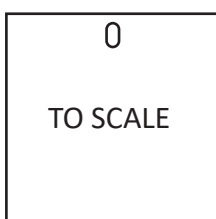

Simple and reliable Click connection system

Side alignment pins

Shimmer Click panels can be populated with square or circular sequins. The square sequins measure 28.5 x 28.5 mm and the circular sequins have a diameter of 30 mm.
